12,270 sq ft

Construction Type
Renovation & Addition

Completion
January 2018

Architect
Craig Architects

IntegraCore helped in the renovation of an existing physicians office and with a small addition for the Children's Advocacy Center new headquarters near downtown Grand Rapids. Curved glass walls, soothing colors and relaxed furnishings give the space a calming effect.

The LEED certified center was fully funded by donors, and provides a safe place for sexually abused children to tell their story, heal the pain and halt the cycle.

IntegraCore's team completed the general trades package for this project.
